

LEE SMEDLEY
BUSINESS BALLADEER

Song Lyrics

“CURIOUS”

By Lee Smedley

Big job in trouble,
Worried, a mess,
Feeling like you got no respect?
Take some words of good advice.....
Chill out cool down; get rid of that frown....

CHORUS:

Come on now; get curious, no more furious.
Come on, get curious.
Listen like a child to what they say.
New ideas, be ravenous.
You'll open doors, when you're curious.

Hey, been there, done that.
That will never work 'round here, man.
Hey, how stupid can you be?
Those words they shut the door
They're demons of the furious.....

CHORUS

You know, when you're curious you say,
“Wow!” “Hey!” “Tell me more.”
“That really sounds interesting.” “That's something I'd like to explore.”
Things just start working out ...yeah, when you get curious.

CHORUS

Come on now, get curious, and curiouser, and curiouser and curiouser....
