BUSINESS BALLADEER

Song Lyrics

“I LOVE TO HATE MY JOB”

By Lee Smedley

I love to hate my job, it gives me energy.
Oh, I love complainin' about my job, it fills my heart with glee.

Everyone I work with, they were all born under a rock.
Those managers, they work so hard – c'mon, man, this is all a crock.

CHORUS:

**I love to hate my job, come on now listen to me.
Don't you ever forget my friend, that I'm never gonna leave.**

As long as you listen to me, I can kill the mood.
Oh yes, it's true, I can mess things up. They call me the “Downer Dude.”

Now, if you just tune me out, I'll start out feelin' sad.
Oh, you might feel better and get more done, but I'll end up steamin' mad.

CHORUS / BRIDGE

The bind of those velvet chains I love that little squeeze.
Don't you get your hopes up now.....'cause I'm never gonna leave.

**I love to hate my job, come on now listen to me.
And don't you ever forget my friend, that I'm never gonna,
Never gonna.....never gonna leave.
.....until you let me go....**
