## **“MOVIN’ ON”**

**By Lee Smedley**

The gig is up, the end is here. You wish it wasn't so.  
Perhaps you lost your favorite job...or maybe...you just have...to go.

Worryin' 'bout who did what and who did what went wrong  
That can stop ya here, right in your tracks.  
Don't stop, don't stop to worry here....it's time for movin' on.  
It's time for movin' on, my friend.

Time for lettin' go...time for movin' on.  
Take the best of what you've done,  
And leave the rest behind....leave the rest behind, my friend.  
'Cause it's time for movin' on.

You'll need to stop and catch your breath.  
Reflect from time to time.  
But now it's time for just one step. Go on.....begin....the climb....  
It's time for movin' on, my friend. Yes, it's time for movin' on.

It all comes down to you, my friend. You choose movin' on.  
So stand up tall and take that step.  
And receive the gift, the gift of the dawn.  
It comes when you move on.....so move on, my friend.  
Move on.....move on.....move on.
