Song Lyrics

“SO YOU WANNA KNOW”

By Lee Smedley

CHORUS:

So you wanna know, do you really wanna know?
I'll tell ya, yeah, I'll tell ya. I'll tell ya what gets in my way.
Yes, I'll tell ya what you need to change today
To bring the spirit back for me and you....
Do you wanna know? ...Do you wanna know?

Give me some training now, fix IVR
And for heaven's sake, make sure I've got a car.
Set your priorities to help me find my way.
And when I do good work, make sure it shows up in my pay....

CHORUS

Fire the Executives, trash SAP.
Give me a boss who knows the work assigned to me.
Write this all down, accept my pain.
This is our last chance or we all go down the drain....

CHORUS

You've listened well to me and boy it feels so fine.
Feels like someone really cares, could it work this time?
You know I feel refreshed, now I'm not so blue.
Let's see some action. Bring that spirit back....for me and you.

CHORUS

So ya wanna know, do you really wanna know.....
Then show me, yeah, then show me.....
Show me, yeah, show me.....
