BUSINESS BALLADEER

Song Lyrics

“TEAMIN”

By Lee Smedley

A band of 12, but not a team. A skit, a plan, paper a ream.
We worked so hard, both day and night. We worked so hard....
But it just wasn't right. We hadn't gotten to the teamin'.

I give up, don't have clue. What is it that you think we should do?
Check in with the team, learn our customers' desires.
I sense a spark...this could lead to a fire. Yeah, yeah, yeah...a teamin' fire.

CHORUS:

So much alive, so filled with desire.
To make it work; set the team on fire.
Don't go changin' others, change yourself:
Gettin' to the teamin', yeah, yeah, yeah, to the teamin'.

CHORUS

Now we're synchronized, got bad moods on the run.
People all around us are amazed at what we've done.
Offers and requests for the work keep comin' through.
Even through the re-org.....they're amazed at what we do.
Yeah, yeah, when we're teamin'.

CHORUS / BRIDGE / CHORUS

Another chapter, soon it will begin. There are no losers here, we're all gonna win.
Share it everywhere, yeah, get down to the teamin'
Give some of yourself and change the world.....when you're teamin'!
Yeah.....yeah, when you're teamin'.

CHORUS

So much alive, so filled with desire
To make it work; set the team on fire.
Don't go changin' others, change yourself:
Gettin' to the teamin', yeah, yeah, into teamin'.
Whoa.....into teamin'.....into teamin'.....into teamin'.
